## FIVE THOUSAND SLAIN IN STREETS OF MOSCOW

### KERENSKY NOW IS DESERTED BY BEST SUPPORT

Reported Russian People want Leader who can Restore order in Empire

### BOLSHEVIKI EXTEND CONTROL TO MOSCOW

Intense Artiller Duel Continues Along River Pivae—Other Fronts Active

(By Associated Press) Defeated in battle by the Bolsheviks and deserted by most of his officers and men Premier Kerensky is in flight and his whereabouts is unknown in Petrograd. The head of the provisional government was about to surrender to the Maximalists under coercion when he disappeared.

In Moscow the tide has apparently turned and the Bolsheviks are in control of the ancient capital with the Russian forces besieged in the Kremlin. One report says heavy artillery is being used against the historic walls. Another declares a truce between government and Bolshevik troops has been arranged. Between two thousand and five thousand persons have been killed in Moscow, since the outbreak of the revolt. General Kaledine leader of the Cossacks is reported approaching the city with relief for the Kerensky forces. A third armed force supposed to be composed of released convicts faced both Bolshevik and government troops.

Prior to his sudden flight, Premier Kerensky had seen most of his forces, principally Cossacks, defeated by the Bolsheviks near Tserkovo-Selo.

**Want Leader**  
A traveler returning from the Caucasus reports that conditions in most provinces are not abnormal, and there is no sympathy with Premier Kerensky. He believes that the Russian people want a leader, who will maintain authority and order. The Cossacks in Kuban Attraction and the Don region have united and formed their own government.

From Lake Garda to the Adriatic Sea, over the Asiago plateau, and down the Piave valley, the Italians are holding the Austro-German line in check. Nowhere has the Italian line been penetrated for important gains, although the enemy pressure is very strong. Teutonic attacks have been resisted while heavy losses everywhere in the mountainous region, except around Clamon in the Sugana Valley, northeast of Asiago.

**Artillery Duel**  
The intense artillery duel continues along the river Piave. The invaders have been unable to make further crossings of the river. At the river's mouth, the enemy's advance has been held up, if not stopped completely, through the Italian action in opening the flood gates of the Piave and Silver rivers, resulting in the inundation of 70 square miles of terrain.

Attempts to cross the river farther north have been defeated by the Italians. The Teutonic forces, which crossed the Zennon is held on the river's bank by the Italians. A French attempt to cross the Piave river southwest of Loen, Berlin reports, was repulsed. The French reached the northern bank of the stream, but a German counter attack threw them back to their original positions.

In Flanders region last evening near the Passchendaele area, the British carried out a successful operation, taking more of the valuable ground on the main ridge. They effected a slight advance as well in the difficult low-lying terrain.

### NORTH DAKOTA AUTOES WILL NOT BE ASSESSED AGAIN IN PROVINCES

Through efforts of Secretary of State Hall, continued since early last July, North Dakota automobilists have just been given the privilege of motoring in Ontario and Manitoba without paying an extra fee, so long as their cars wear a North Dakota registration tag. Advice to this effect was received by Mr. Hall today in the form of an official order of the minister of public works of the executive council of Ontario. The necessity of an agreement came up through an experience of Dr. Callender of Fargo, who while touring in the east last summer dipped into Ontario, where he was promptly picked up and compelled to pay a \$15 registration fee, in spite of the fact that he had his North Dakota license tag and certificate of registration. Dr. Callender on his return to North Dakota made a complaint to the secretary of state, who at once took up the matter with the executive council of Ontario, with the result that beginning November 15 the suspension of provincial registration regulations applying to cars from other states of America are made applicable to North Dakota.

### China Faces New Crisis Cabinet Out

Premier Tuan Chi Jui, Veteran Premier of Empire Hands in Portfolio

### SOUTHERN PART OF REALM IN BAD SHAPE

Peking, Friday, Nov. 16.—The entire cabinet resigned with Premier Tuan Chi Jui today, and it is considered probable that President Feng Kwo Chang will accept the resignations. Hsu Shi Chang, former prime minister, is expected to be named premier to form a coalition cabinet, given south central China representations.

Hsu Shi Chang, one of China's oldest statesmen, was viceroy of Manchuria under the old monarchy, and prime minister during the administration of President Yuan Shi Kai. He resigned at the death of Tuan and when Shun Tung, the young emperor was put back on the throne last summer under protection of General Chang Hsun. Hsu Shi Chang was appointed one of the guardians of the emperor. South China has been seriously disaffected since the restoration of the republic.

### NINE MILLION MEN AFFECTED BY NEW RULE

Regulations Dividing Eligible

Registrants into Five Classes Repeal all Others

### MEN CANNOT BE CALLED BACK FROM CANTONMENT

Washington, Nov. 17.—New regulations under which the remaining available of the 9,000,000 men registered for military duty will be drafted for service with the colors were announced today by Provost Marshal General Crowder.

The new regulations with the division of eligibles into five classes repeal all preceding regulations, cancel all exemptions and discharges granted under the old system and restore every registered man to his original status. Hereafter, he will be required to undergo all examinations anew and present his claims for exemption again.

It is practically certain that every man who had a legitimate exemption on the ground of dependency under the old regulations will get the same under the new one.

**Can't Bring Men Back.**  
Under the new draft regulations, General Fraser is advised in a telegram received this morning from Provost Marshal General Crowder, the (Continued on Page Three)

### HOME GUARD TO ATTEND UNION THANKSGIVING

Capt. E. G. Wanner's First General Order Requires Presence of Men in Uniform

The attendance of the Bismarck home guard in uniform at Bismarck's community Thanksgiving day services the morning of November 29 at the municipal auditorium is requested in the first general order issued by Capt. E. G. Wanner.

The membership of the guard is now 100. By Thanksgiving day every member should be supplied with a spik and span uniform, Remington rifles, bayonet and cartridge belt, and the guard will be asked to make its public debut by marching from the armory to the auditorium.

It is probable that the guard at its Tuesday evening drill will vote to attend in a body the address to be given the same evening by Charles Edward Russell at the auditorium.

**Flow Resigns.**  
Because of physical disabilities, Second Lieut. J. A. Flow tendered the resignation of his commission to the company last night, but insisted that he be permitted to remain in the ranks as a private. An election to fill this place will be held next Tuesday.

Private Gilman last night was named sergeant to fill a vacancy. A very interesting drill was held, and the men showed excellent progress.

### KELLER GUILTY FIRST DEGREE. LIFE SENTENCE

Murder Followed Bow at Wilton Dance when George Dixon Was Killed

### CONSTABLE VICTIM OF ESCAPED INSANE PATIENT

State's Attorney Williams Assisted by Attorney General Langer Try Case

Washburn, N. D., Nov. 17.—Joseph Keller was put on trial yesterday for the alleged murder of George Dixon, deputy constable, at Wilton, on June 29 last, following an altercation between the two at a dance, was found guilty last evening.

He will be sentenced to life imprisonment by Judge Nuesse.

One of the dramatic features of the trial was the testimony of the defendant himself, who admitted that he had a row with Dixon but denied any remembrance of getting into a fight with him and inflicting a fatal blow. In fact, from the time he was thrown out of the dance hall, Keller testified his whole mind was a blank until he found himself facing the light in the county jail at Washburn.

Keller, was placed on the witness stand, declared that he was forty-three years of age and had been in this country fourteen years. He had brought his wife with him across the seas, but she had left him in six months after he had settled on his claim near Wilton. He had been on the farm, he said, seven years, when the authorities had taken him to the state asylum at Jamestown.

"How did you come to leave there?" he was asked.

"I didn't get any pay," he replied. "I work in the kitchen and everywhere but get nothing."

He ran away from the asylum straight home, he said. The second time he ran away from a state institution, he had been assisted by some Russian woman, who lived on a farm near Washburn. He had been working at different jobs around Wilton ever since.

**Memory Good in Spots.**

He was questioned quite closely by Attorney General Langer who assisted State's Attorney Williams, as to the facts and wages in connection with the different jobs he had held during these years of town life, and he revealed a remarkable memory for details. His mind was a blank, however, as to the details of the stabbing and got quite dramatic in reciting the events leading to the affray.

"Do you know that you are charged with the murder of Dixon?" he was asked.

"I know nothing," he asserted.

Keller said that on the day of the dance he had been working at a lumber yard and quit at 6 o'clock. He went to his shack, made supper there and then went down town. He went to the drug store, bought some tobacco and had a smoke. He met a friend, who gave him a couple of drinks. Then he was invited to go to the Saturday night dance. He was asked for a dollar to participate in the festivities but it happened he had only seventy-five cents. This proved sufficient to allow him floor space. Then he got into an argument with Dixon, but Keller denied he saw Dixon come outside with him. All he remembered was that some people got on top of him.

**Acted Like Any Drunkard.**  
Mrs. Barbara Edenger, twin sister of Keller, declared that her brother in recent years had been drinking constantly. In fact, she testified he always had a bottle with him.

"How did he act when he was drinking?" she was asked by Attorney McCulloch. "Cross or ugly?"

"Just as any other drunkard," she answered.

It is alleged that Keller got the knife with which he did the stabbing from a man who had been working with the butcher at Wilton, for which it is claimed, he gave a bottle of beer.

Mrs. Edenger said she had never seen the fatal knife, offered as exhibit A by the state. Instead, she had her husband produce another butcher knife which she had given her brother and which he had kept around his place. Adam and John Herdich, two nephews of Keller, called to the stand, also testified they had never seen the fatal knife before.

Charles Owens and Charles Edenger, Keller's brother-in-law, also testified that Keller had been drinking quite a bit in late years.

"He was all right when he was not drinking," said Edenger, "but during June he did not draw a sober breath."

State's Attorney Williams is being congratulated upon the conduct of the case.

### AUTOCRATS AT HEAD OF MOB TO DOWN KERENSKY

Battle Began Last Saturday and Continued Until Monday Evening

### VACILLATING TACTICS OF PREMIER DISLIKED

Cossacks With Old Regime Give Up When They Encounter Resistance

Petrograd, Nov. 17.—The battle in which Premier Kerensky was defeated began last Saturday and continued until Monday night, according to the commander-in-chief of the Bolshevik staff. The premier had 5,000 Cossacks and several hundred military cadets with considerable artillery. The Maximalists force included four guard regiments, several battalions of sailors and numerous detachments of the Red guard. The Maximalists now hold Tserkovo-Selo.

The correspondent of the Associated Press visited the scene of the fight today and was surprised to find aristocratic officers commanding the Bolsheviks. A colonel of one of the famous Petrograd detachments in charge of the troops explained they were disappointed with Kerensky who first destroyed discipline in the army, and were against him above all.

Many were killed on both sides, but after the Cossacks made one charge and found organized resistance they retreated.

### RULED HIS HOME AS BIBLE ASKED; JUDGED INSANE

Burling County Farmer Committed to State Hospital at Request of Family

Because the Bible says that a man should be master in his own home, Chris Rosenau, a farmer residing ten miles northwest of Bismarck, was inclined to enforce his dominion with an iron hand, and after Mrs. Rosenau had frequently felt the weight of his mailed fist, garnering a fine collection of discolored eyes as a souvenir of her husband's strict adherence to Biblical teachings, she complained to Sheriff French imploring the sanity of her leige lord and master. Yesterday afternoon Rosenau was arrested while driving a wagon on the road grading work north of town; brought to Bismarck, arraigned before an insanity board, found demented and committed to the state hospital at Jamestown.

Rosenau is the father of six children. Recently he came into the house, solemnly counted out eight shells—Mrs. Rosenau took it for granted that one was intended for her, one for each of the children and one for Chris himself. She sent the oldest daughter outside to hide in the weeds, with instructions to notify the neighbors if she heard shots. She did hear eight in quick succession. Horrified neighbors who rushed to the scene expecting to find a murdered family found Chris standing in the barnyard, where he had fired eight perfectly good shells into the air. "To show my neighbors they can't run me," he said.

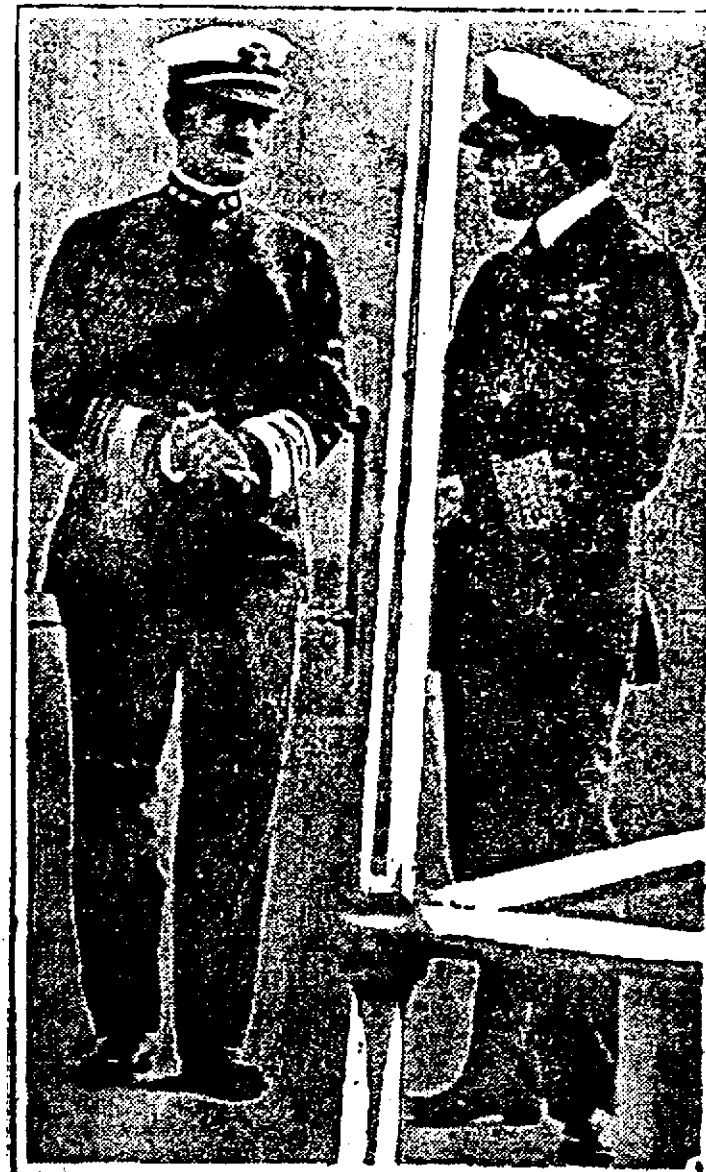

Aside from a religious bias, Rosenau seems to be sane enough but his family stood in deadly terror of him, and he is now in safe keeping.

### REP. NORTON IN CONFERENCE ON INDIAN SCHOOL

Rep. P. D. Norton of Hettinger, a member of the house committee on Indian affairs, is here in conference with the Commercial club and the staff of the Bismarck Indian school relative to the adjustment of administrative questions. The congressman, Secretary Keniston and other representatives of the Bismarck Commercial club spent the forenoon at the popular institution, which serves 2500 Indian families on the several North Dakota reservations, and whose enrollment is limited only by its capacity.

Rep. Norton has made a very thorough analysis of the situation, and will report his findings at the next term of congress.

### American Army Gives Fine Accounting of Itself on Sector of Western Front

**NORTH DAKOTA MAN.**  
Toronto, Ont., Nov. 17.—The following American casualties with the Canadian forces in France were reported today:

**WOUNDED.**  
G. Miller, Rocklake, N. D.  
A. P. Larsen, Duluth, Minn.

With the American Army in France, Nov. 17.—The artillery fighting in the sector held by the American troops has become even more lively and there has been further casualties, shrapnel wounding some men in the trenches.

An American shell hit an American gun today and caused some casualties. Some of the men wounded in the last two days have died.

The American batteries have been firing in rapid return. The visibility is becoming certain, and more damage and casualties have been caused in the German lines, than the Germans have inflicted on the Americans.

**Patrolling Continues.**  
Patrolling continued actively last night. The American troops encountered their first aerial experience today. Three German machines appeared overhead today. One French machine outmaneuvered this German and "got on his tail." The German aviator then bolted. The rattle of the machine guns died away as the two aeroplanes disappeared.

The French general commanding the sector has mentioned 15 Ameri-

can officers and soldiers, including three who were killed, for excellent military qualities and for bravery displayed in the recent trench raids. A note accompanying the citation says that between 8,000 and 10,000 shells were used in the attack, which had been in preparation for three months down to the finest details. The results obtained by the enemy were very small, they having been unable to penetrate more than the first line trenches because of the resistance of the American soldiers with pistols, rifles and hand grenades.

**Died Bravely.**  
The general in the order mentions "the company commanded by Lieutenant (name taken out by censor)."

"On the night of Nov. 23, this company which was in line for the first time met an extremely fierce bombardment despite which it seized arms and offered such stubborn resistance that the enemy, though numerically superior, was obliged to retire."

The general especially cited in the order of the day, Corporal James Gresham, and Private Merle B. Hay, and Thomas F. Enright, who died bravely in hand to hand fighting with the enemy, who had penetrated the first line. The others cited "who showed excellent military qualities" are second Lieutenants M. C. Laughlin, E. O. Patterson, and E. A. Erickson, Sergeant John Arrwood, Corporals David M. Knowler, and Homer Givens, and privates Charles Massa, William B. Thomas, George Hurd, Boyce Wade, Robert Winkler, and John J. Jarvis.

### EMERGENCY COMMISSION FORCED TO REFUSE AID TO RECLAMATION BOARD

For lack of funds, the emergency commission this morning was compelled to refuse Herbert A. Hall, secretary of the North Dakota reclamation commission, an increase of \$200 in the fund which is being used in preliminary surveys in the southeastern part of the state. Engineer Hall reported that the federal government has agreed to appropriate \$25,000 for preliminary work, providing the state keeps up its end. The original state appropriation for this work was \$200, which is practically exhausted. The emergency commission did help out this morning to the extent of \$50.

### RAY BARN BURNING

Ray, N. D., Nov. 17.—The J. M. Schief barn, eight miles south of Ray, was destroyed by fire with all its contents, including horses, harness, feed and poultry, entailing a heavy loss. This is the fourth barn to be destroyed in this neighborhood under precisely the same circumstances, and it is feared that a firebug is abroad in the community.

### RUSSELL REID SHOT IN CHEST WHEN RIFLE GOES OFF WITHOUT WARNING

While John Lobach, Warren Taylor and Russell Reid were in the attic at the Reid home this morning endeavoring to repair an old 22 rifle for a farmer's hunting on Apple Creek, the gun was accidentally discharged in the hands of John Lobach, and the charge killed Russell Reid's chest, inflicting a wound which is not regarded as dangerous. The youngster is in St. Alexis hospital, where his condition is regarded as favorable.

Mott, N. D., Nov. 17.—Mott was left without police protection by the resignation of Marshal Ben Duestler, who quit in order that he might devote his attention to farming. ### IN OBSERVING FLEMISH LINE GET SHELLED

Germans Drop Machine Gun Missiles in Midst of American Party

### MEMBERS OF COMMITTEE ENTER BRITISH TRENCHES

Bullets Whizzed Across No Man's Land Before Danger Was Realized

British Front in Belgium, Friday, Nov. 17.—Five members of the party of American congressmen and private citizens, who spent yesterday and part of today visiting the Belgian war zone had a narrow escape from death or injury today when they were caught in a sudden burst of German machine gun fire while inspecting the front near Dixmude.

The Americans in danger were Congressman C. C. Dill of Spokane, Wash.; Congressman Charles C. Timberlake, of Colorado; Congressman John F. Miller, of Seattle, Wash.; Congressman Albert Johnson, of Wash., and former Representative Stout, of Montana.

**No One Hurt.**  
Nobody was hit, but it was one of the peculiar freaks of fortune that soldiers call luck because shots came in a shower so close to them that it seemed almost certain someone must be wounded, although they were exposed only for a brief time.

The other seven members of the party were in another section of the trench and were not disturbed by the fire. When, however, the Americans got together later, the Germans dropped a big shell ten yards away seriously endangering everyone. When first describing the incident to the correspondent later, they said they heard the shell coming. "It sounded like a road of an aeroplane," they said.

**Fortune Favors.**  
Again fortune favored them and none was injured. The visitors spent the night near the front and arose early this morning for a trip to the trenches near Dixmude. The Belgian and German lines run within thirty yards of each other at one point, and it was there that the five men came into danger. At that distance it was quite easy to see anyone in the open. ### 908 COMMISSIONS FOR STUDENTS AT SNELLING IS HOPE

**Military Board Passing on Work and Grades of Candidates—Announcement Due Soon**

### SECOND SCHOOL TO CLOSE NOVEMBER 27, OFFICIAL

Fort Snelling, Minn., Nov. 17.—Student officers at Fort Snelling believe that 908 of them will be sure to get commissions, which means that very few of those remaining at the second training will be left out.

Recent discharges have brought the number in camp at present down to the 987 mark, making the chances of each man getting a commission until the close bright for commissions.

The military board has been for the past few days passing on grades and the work of candidates, expediting matters in order to have the names of the 908 commissioned men in the hands of the war department by Nov. 27, the closing day of the camp at Fort Snelling.

All of the commissions will be given out by the war department after that date, according to an official telegram received by Captain Ira Longnecker, camp adjutant.

The announcement that about all of the men who remain in camp until the close will be commissioned will be greeted with cheer by the men. In the last camp many of the candidates for commission remained until the end and then were denied commissions were given out then. Major Ferguson said today that the elimination of men not suitable for officers has gone on continually since the opening of the second training camp consequently eradicating any false hopes resulting from remaining until the close.

There is a demand for student officers who are able to handle cameras of the men who remain in camp until the close will be commissioned will be greeted with cheer by the men. Those who are able to stand the examinations may be assigned the job of photographing enemy positions from airplanes.

## WILSON SENDS STIRRING NOTE TO WAR CROWD

Northwest Attend Monster  
Liberty Meeting

ST. PAUL AUDITORIUM IS  
FILLED TO OVERFLOWING

T. P. O'Connor, Irish Leader, Tells  
Assembly How "England  
Came to Us"

St. Paul, Minn., Nov. 17.—As a demonstration of the loyalty of Americans and the whole northwest, 8,000 persons representing every county of this state and the other nine states of the territory gathered in the auditorium here Friday and affirmed their purpose to stand back of the government in its prosecution of the war against Germany. The audience, through the passage of a resolution, affirmed its determination to see the war through to a successful conclusion and pledged its support in "deeds, sacrifices and service" as a message from President Wilson, read at the meeting, suggested.

The message from the president was as follows:

"Nothing could be more significant than your gathering to express the loyalty of the great northwest. If it were possible, I should gladly be with you. You have come together as the representatives of that empire in which the sons of all sections of America and the stocks of all the nations of Europe have made the prairie and the forest the home of a new race and the temple of a new faith. The time has come when that home must be protected and that faith affirmed in deeds, sacrifices and service."

"It must come from every class, every profession, every party, every race, every creed, every section. This is not a bankers' war or a farmers' war or a manufacturers' war or a laboring man's war. It is a war of every straight-out American, whether the flag be his by birth or by adoption."

"We are today a nation in arms and we must fight as a nation, with our arms and our minds, to conserve food and fuel, save and spend, to the one common purpose."

See the Struggle Through.

"It is to be that the great northwest looks as once before that steady determination which shall see this struggle through to a decision that shall make the masters of Germany rue the day they unmasked their purposes and challenged our republic."

The speakers included T. P. O'Connor, Irish member of the British parliament; Carl Vrooman, assistant secretary of agriculture, Senators Nelson and Kellogg of Minnesota, and the Rev. Fr. Paul Perford, formerly a priest in this state and now a lieutenant in the French army.

Mr. O'Connor, taking as his text an American flag, which was held in his hand, dwelt on the opportunities afforded emigrants from Europe to this country as the basis for a loyalty that should be untarnished by a divided allegiance.

"Washington warned against entangling foreign alliances, a warning not unnecessary in his time," said Mr. O'Connor. "Divided allegiance is 'European entanglement' in its worst form."

Reichstag Debating Society.

"If any German is foolish enough to like the institutions of Germany better than those of this land, then let him go back to his own country."

Either America has no right to enter the war, Mr. O'Connor said, or she must stay in the war until the things that brought her into it are destroyed.

Mr. O'Connor also addressed an overflow meeting in Rice park, and there told his hearers of his long fight for Irish freedom.

"Some people have charged that I sold out to England," he said. "The truth is, I did not go to the English—they came to me."

Mr. Vrooman told of the ravages of grasshoppers in Kansas.

"We have voted \$500,000,000 for an airplane fleet that will ravage Germany as the grasshoppers ravaged Kansas," he said, "but we will not drop bombs on hospitals or schools."

Senator Kellogg was cheered when

THE KING'S BIRTHDAY.

Washington, Nov. 17.—Renewed expressions of sympathy for the Belgians' sufferings and assurances of the determination of the United States to prosecute the war against its oppressors to a successful conclusion were sent to King Albert Friday by President Wilson in a cablegram congratulating the king upon his birth day. The message follows:

"I take pleasure in extending to your majesty greetings of friendship and good will on this, your fete day. For the people of the United States I take this occasion to renew expressions of deep sympathy for the sufferings which Belgium has endured under the wilful, cruel and barbaric force of a disappointed Prussian autocracy."

"The people of the United States were never more in earnest than in their determination to prosecute to a successful conclusion this war against that power and to secure for the future obedience to the laws of nations and respect for the rights of humanity."

Today's additions were John Peter Peterson of Bradock and Miss Hilma Rethem of Bradock; Harry Emmet Homan and Miss Marian Frame, both of Bismarck, and Harvey Spangenberg of Menoken and Miss Merle Clarke of Menoken.

## SHAW APPEAL WILL COME BEFORE HIGH COURT ON MONDAY

Date of Hearing Advanced One  
Day Because of Death of At-

Owing to the death of the mother of Attorney McGee, of the Minot law firm of Goss & McGee, which represents President W. E. Shaw of the Minot city commission, the hearing on the latter's appeal from a deci-

sion of Judge Leighton's denying a writ prohibiting Governor Frazier from carrying out his intention of removing the Maple City head, will come up in supreme court next Monday instead of Tuesday, as originally set. Assistant Attorney General Daniel V. Brennan made this announcement today. The hearing will bring out a decision on the extent of the governor's powers to temporarily remove county and municipal officers and also will decide whether North Dakota's statute on this subject, not expressly naming the president of a city commission, although it does specifically name the mayor, can be held to apply to the more newfangled office.

CASE IN JURY'S HANDS  
BY SATURDAY NIGHT

Grand Forks, N. D., Nov. 17.—Testimony which is being presented in the case of the government against Paul Williams, Roy Spriggs, Clifton Bridgeman, Wm. C. Hogg and Eugene Coulter, who are charged with conspiracy and violation of the Mann white slave act, has become a maze of seemingly contradictory alleged facts, the disentangling of which may offer the jury some peculiar difficulties. Thursday, the complaining witness, Adelaide G. Chapman, succeeded in establishing what was practically a certificate of excellent behavior in a trying situation, and today that certificate, apparently, was torn to shreds, for not one iota of her testimony was allowed to stand unassailed. Roy Spriggs was the principal witness of

the day. It is probable that the case will be in the hands of the jury by Saturday night.

## A VITAL BLOW

Miss Alice Paul, of Washington, leader of the National Women's Party and the White House pickets, issues this declaration, which she especially desires to reach women:

"The extreme steps which the Administration is taking to stamp out our protest against disfranchisement is lighting the fire of rebellion among women all over the country."

At the risk of being a trifle untoward toward the lady, we must announce our conviction that Miss Paul does not know what she's talking about like most leading women of Washington, or New York. Miss Paul imagines that what she has worked herself up to feel is the feeling of the women of the country. This is denying the women of the country minds of their own, which is a mistake, as that trainload of perfectly lovely eastern women discovered when they tried to run the minds of the women of the Middle West and far West in the political interests of Mr. Chas. Hughes. The truth is that, as a rule, the women of the country look upon the picketing of President Wilson's residence as a disgusting, indecent and unpatriotic exhibition of feminine greed for notoriety and a vital blow at the cause of equal suffrage.

The martyr feature has oozed out of that picketing scheme. It now hath an Emma Goldman aspect. In the opinion of the sensible women of the country, who are not now pouring any kerosene on the "fire of rebellion" on account of "extreme steps" taken to control folks who break laws in the name of equality.

## A NEW EPOCH

The unexpected appearance of President Wilson at the opening of the American Federation of Labor's annual convention is hailed by the delegates as the beginning of a new epoch in the history of the American labor movement.

It is a definite recognition, they feel, of the outstanding position organized labor occupies in the nation's affairs. They are proud of the fact that this is the first public meeting outside Washington the President has consented to address since diplomatic relations with Germany were broken.

The administration was represented only by cabinet officers at the Atlantic City convention of the United States Chamber of Commerce, although a number of matters of the greatest national concern were to be settled there.

This is also the first time a President of the United States has ever appeared at a convention of the A. F. of L., which adds greatly to the dramatic interest.

The appearance of President Wilson at this trade union convention is the culmination of century-long fight by organized labor for recognition. At first the fight was centered on bringing individual employers to recognize that their workmen were human

Defeated in Field Kerensky Takes Flight to Save Falling Into Hostile Hands.

RADICAL ELEMENT HOLDS SWAY IN OLD MOSCOW

Troops of Old Regime Surround in Kremlin and Are Besieged by Reds.

Petrograd, Nov. 17.—General Dukhonin has assumed temporarily the post of commander in chief of the Kerensky forces, following the disappearance of Premier Kerensky, who is reported to have fled disguised as a sailor.

General Krasnoff, arrested with other members of Kerensky's staff, has been released on the ground that he was only obeying the orders of his superior officer. Premier Kerensky, when told that his officers were against him and the men were at the point of deserting, he agreed to come to Petrograd, but while a guard was being arranged he disappeared.

KIEV ARRESTS RED LEADERS. Petrograd, Tuesday, Nov. 13, 11:30 a. m.—Dispatches from Kiev say that the cossacks and military cadets are in control of that city after considerable street fighting. The Bolsheviks made a stand at the government palace where later their leaders were arrested.

Moscow advices are to the effect that the government troops control the central portion of the city and the Bolsheviks the outlying districts, where there is much disorder.

The victims in the street battles are estimated at from 700 to 2,000.

In V. while a patrol of cossacks was passing through Kretshka street, the principal thoroughfare, they fired shot in the air to disperse the crowds. A bomb was thrown upon a passing street car, killing one and wounding several persons.

KERENSKY'S FORCES DEFEATED. Petrograd, Wednesday, Nov. 14 10:20 a. m.—Premier Kerensky's forces, which advanced from Gatchina to Tsarskoye Selo, have been defeated by the workmen and soldiers' forces led by Tsarskoye Selo and Pulkova 12 miles from Petrograd.

The Kerensky contingents have retreated to Gatchina.

1,500 COSSACKS KILLED. London, Nov. 16.—A belated dispatch from Petrograd to Reuters' limited, says that 1,500 cossacks were killed or wounded in fighting five miles southeast of Petrograd. This information came from a Maximilian source, dated Monday, Nov. 12.

KREMLIN UNDER SIEGE. Petrograd, Thursday, Nov. 15, 5 p. m.—Seven thousand military cadets and 3,000 troops are besieged in the Kremlin at Moscow by 18,000 Bolsheviks, who are battering the ancient walls and buildings with heavy artillery, according to a well authenticated report received this afternoon.

The government troops are said to have a fairly plentiful supply of food and ammunition and to be capable of holding out for some days.

According to the informant of the Associated Press, a semi-official American returning from Moscow, the stories of wholesale looting and burning there have been exaggerated. There has been indiscriminate firing throughout the city, but aside from

the havoc at the Kremlin there has been little damage done to property.

The loss of life since the beginning of the insurrection is estimated at from 2,000 to 5,000.

General Kaledines, upon whose help the defenders of the Kremlin are counting, is reported to have cut the railway southward to prevent provisions arriving while he is moving toward Moscow.

## Aliens May Be Required to Register

President Soon to Issue Proclamation Prescribing Wider Forbidden Zones.

Plans for further guarding the country's war activities against enemy aliens were approved at today's cabinet meeting and President Wilson will issue a proclamation embodying regulations formulated by the department of justice. Enemy aliens may be required to register and the barred zones will be much extended.

Attorney General Gregor, after the cabinet meeting, refused to discuss the program further than to say that some announcement would be made within a short time, probably tomorrow.

## NEW YORK BANKERS URGE NECESSITY OF INCREASED TARIFF

Vanderlip and Warburg Called Before Interstate Commerce Commission Hearing.

GOVERNMENT OWNERSHIP OR CONFIDENCE RESTORED

Washington, Nov. 17.—Frank A. Vanderlip, New York banker and chairman of the government's war saving committee, and Paul M. Warburg, vice governor of the federal reserve board, were called by the interstate commerce commission today as experts in the 15 per cent advance rate case, testified that radical action was necessary to remedy the railroad financial situation.

Mr. Vanderlip was of the opinion that the proposed rate increase only touched the surface of the situation, while Mr. Warburg declared that should it be granted its effect from a psychological standpoint in restoring confidence among investors would be a greater advantage than the immediate monetary gain it might mean to the roads.

One of two things must be done to meet the situation:

"Either the government must acquire ownership or some action taken to restore confidence in their security," said Mr. Vanderlip. Granting the increases the roads ask would act only as a poultice and not affect a cure.

In their arguments for the increase, Mr. Vanderlip said railroad men themselves failed to see below the surface and view what he believed to be fundamental were the wrong—the effort to force the two regulatory principles, prevention of combinations, and fixing of rates, to work smoothly together.

"Either one may be all right, but not both together," he declared. "As long as rates are regulated the railroad should have the right to form combinations."

DEALINGS ON CHANGE SMALLEST IN MONTHS

Stock Exchange Business Is Restricted in Volume—Trading Very Inactive.

HEAVY DEALINGS IN THE LIBERTY ISSUES

Final Quotations Under the Top Prices with Irregular Tone at the Close.

New York, Nov. 16.—Operations on the stock exchange today were the smallest, and in most essentials the least noteworthy of any full session for several months. Dealings barely totaled 285,000 shares, the latest restrictions of the exchange tending further to limit transactions to actual purchases and sales.

Price changes were influenced to a considerable extent by negative conditions, rather than actual happenings. The more perplexing railroad situation, the absence of definite advice from Russia and conflicting news from the Italian front combined to provoke fresh liquidation.

Movements were narrow, however, except among rails and a few inactive specialties. Delaware and Hudson fell four points to the new minimum of 93, Pennsylvania Reading and other coalers as well as Pacifics and Grangers reacted one to two points, and minor transportation were lower.

Active industrials, including the war group, were little affected by the reactionary trend of representative stock, recording extreme gains of one to two points. Motors and shippings denoted further short covering, copper made up some of yesterday's lost ground. Final quotations were under top prices, the list closing with an irregular tone.

Italian exchange was especially weak, lures at \$3.50, approximating their greatest discount, golders also showing some depression. Call loans were easier, time rates remaining firm.

Bonds were hesitant, with further heavy dealings in Liberty issues, the 4's falling from 94.45 to a fresh minimum of 93.74, while the 3 1/2's rose from 98.85 to 99, a substantial advance over the 4's. Total sales of bonds (par value) aggregated \$1,270,000.

United States bond (old issues) were unchanged on call.

COAL AND LABOR SHORT.

New York, Nov. 16.—Dunn's tomorrow will say:

With the increasing restraints imposed by war conditions and with the uncertainties of the period, business is handicapped in various ways and its progress is necessarily checked and irregular. Not true lack of confidence, but owing to the drawbacks in production and distribution, and also because of diminishing supplies of materials and merchandise, some important transactions are being held in abeyance, and the difficulty of filling requirements are not labor shortage and other obstacles. Where uninterfered operations are possible there are comparatively few instances where producers have not sufficient orders in hand to keep them actively occupied, and it is not uncommon to hear of ordinary business being turned aside to make room for the pressing wants of this government and its allies.

SCARCITY OF OFFERINGS BOOST PRICES OF GRAIN

Old Yellow No. 2 Corn Kites to \$2.40 with Little in the Offering Line.

SOFT BELT HUSKING WAITS FOR CORN TO DRY

Unusual Activity in Oats Through No Response to Brokers' Buying Orders.

Chicago, Nov. 1.—Grain prices ran up today mainly because of a scarcity of offerings. Corn finished unsettled, but quarter to one-quarter net higher, with December at \$1.20 and May at \$1.15. Oats gained 1/2c to \$1.15. There were declines of 5c to 3c in provisions.

Bulls in corn put stress on the fact that stocks of corn at leading terminals amounted to next to nothing. Old No. 2 yellow corn here commanded as much as \$2.40 a bushel for the little that could be had, and it was said many farmers in the soft corn sections had stopped shucking and would wait for the grain to dry out. Meanwhile, a jump of oats values to the highest point yet this season tended to make corn shorts yet more uneasy. On the ensuing bulge in corn prices, however, leading commission houses became free sellers, and something of a reaction followed. The late downturns were accompanied by reports that more cars were being sent into the corn belt, and that the increase of arrivals here would result. Unusual activity and strength in the oats market came about to a great extent through reports that virtually no response had been received from overnight bids to the country. Provisions lacked support.

GIRL DECLARES STATE ATTORNEY'S ASSISTANT MADE HER WHITE SLAVE

Investigation of East St. Louis Conditions Discloses Depths of Vileness.

WOMAN UNDER GUARD TO PREVENT ASSASSINATION

East St. Louis, Ill., Nov. 17.—An investigation of the conduct of Lloyd V. Walcott, assistant state attorney of St. Clair county, Ill., and C. P. Coultas, United States commissioner, will be requested by Chairman Johnson of the congressional riot investigating committee.

This was announced late today by Chairman Johnson after a subcommittee had heard Myrtle Gardner, 19 years old, tell of being held in a hotel. Chairman Johnson directed the United States attorney to take steps to protect the girl from assassination.

Congressman Johnson said he would present a transcript of the evidence to Edward J. Brennan, agent of the department of justice, at St. Louis, Mo., and that he would present to the department of justice other testimony regarding United States Commissioner Coultas with a request that his conduct be investigated.

The girl testified that she was lured to an East St. Louis hotel on the representation that she was to be employed at housework. There her clothes were taken from her, she said. She testified that she was required to earn a certain amount of money daily or go without food, and to see that men visitors bought beer. She said that a frequent visitor to the hotel was Lloyd V. Walcott.

CAR SHORTAGE IS YET ACUTE ALONG GREAT NORTHERN

Three Complaints of Inability to Get Transportation Received This Morning

Complaints to the state railway commission prove that a car shortage still exists in some sections of the state, notably in Great Northern territory. This morning's mail brought protests from the Farmers' Elevator Co. of Chaffee, the Farmers' Grain & Elevator Co. of Finney and the Farmers' Elevator Co. of Hatton, all of which points are located on the Great Northern. In every instance managers reported inability to get sufficient cars and that grain is accumulating in the elevators to the point of congestion. The railway commission is seeking some means of remedying this condition.

SWEETHEART WHO LIKES Y.M.C.A. ANONYMOUSLY DONATES TO WAR FUND

"For the Y. M. C. A. war fund from a soldier's sweetheart who appreciates the worth of the Y. M. C. A.," read a note attached to a banknote received by District Chairman John A. Graham of the War Y campaign committee today. There was no means of identifying the donor of the money, which is credited to Bismarck's quota of the fund, the letter having been mailed in this city.

Business Came First.

Some time ago two Chinese generals had planned a battle in the Chenot plain, writes Owen Williams in the Christian Herald. It was within a few days of the rice harvest. The people petitioned the generals to call off their battle until the rice was harvested, and they did so. Then they went on with the fighting. But the days of such common sense are passing. Militarism is coming to demand more respect than that.

## A CLEAR COMPLEXION

**Ruddy Cheeks—Sparkling Eyes—Most Women Can Have**

Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system.

If you have a pale face, yellow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.

Thousands of women as well as men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep in the pink of condition. 10c and 25c per box. All druggists.

LEWIS HARRISON  
PROPRIETOR BIG  
BRAINERO HOTEL

Former Bismarck Newspaper Man  
Takes Lease of Popular Minnesota Hostelry

Lewis Harrison an old northwest newspaper man for years associated in the business management of the Bismarck Tribune, is now leasee of the Iron Exchange hotel the leading hostelry of Bismarck, Minn. When Mr. Harrison severed his connections with the Tribune several months ago he announced his intention of getting out of the newspaper game permanently, but he had not at that time made definite plans for the future. A copy of the Bismarck Daily Dispatch received by friends here tells of his having taken possession of the Iron Exchange hotel November 15. Mr. Harrison is a member of an old Minneapolis family, has hundreds of friends in all parts of the northwest, and those who know him predict he will make an ideal boniface. Fred T. Lincoln, an old time Grand Forks and Minot newspaper man, is secretary of the Bismarck Commercial club and the Northern Minnesota Development bureau, and I believe has a good nucleus for its Flickertail club.

Bomb Found  
in Chicago  
Auditorium

Orchestra Plays "Star Spangled Banner" to Allay Panic in the Audience.

Chicago, Nov. 17.—A bomb made of gas pipe and powder was picked up tonight on the main floor of the auditorium theater where the opera, "Dinorah," was being sung, after an inexplicable panic which followed an unexpected burst of flame had been stilled by Director Campanini swinging the orchestra into "The Star Spangled Banner." The bomb was found by firemen seeing the cause of the panic. It consisted of a foot of gas pipe filled with powder and with a fuse attached.

The firemen finally concluded that the flames which caused the first fright had been connected in some way with the bomb, which also emitted noxious odors. Nearly one third of the patrons left their seats.

Galli Curci led in the singing of the national anthem, the patrons joining, until repose was restored.

Most of the uneasiness was felt on the first floor. The patrons of the boxes were far away to be included in the rush to the doors, but the excitement spread to the stage, and it was some time before order was established.

A woman who was sitting near where the bomb was found said she remembered a woman against some object as she passed to her chair. It is believed that the bomb contained some mechanism that caused it to burst into flames when moved slightly.

Whether the bomb was intended as a protest against the extravagance of grand opera, the rich gowns and jewels of the theater goers and the high salaries paid to the artists in these war times, or whether it was a demonstration of an enemy alien's frightfulness could not be learned tonight.

Two women whose names were kept secret, told the federal agents they had overheard three men, while they were in the lobby 10 minutes prior to the discovery of the bomb. The men, apparently Germans, were belittling Americans. "The damned Americans are so easily alarmed over anything," they were overheard to say, according to the report made to the federal authorities.

TOWNLEY TALKS TO  
FEDERATED LABOR

President of Farmers' Nonpartisan League Among Speakers at Buffalo Meeting.

Buffalo, Nov. 17.—A plea from the farm for closer co-operation with other branches of the nation's industries to the end that victory over autocracy might be sooner achieved, and reports from two great labor organizations, the British empire stating that union labor there still faces the enemy, determined and confident of victory, brought cheers from the delegates attending today's session of the 27th annual convention of the American Federation of Labor.

The farmers were represented by A. C. Townley, president of the Farmers' Nonpartisan league, and L. V. Strayer, second vice president of the National Farmers' congress. Emanuel Kovelski, a Rochester reporter on the last annual convention of the Canadian Trade and Labor council, and John G. G. on, president of the United Textile Workers, and Jas. Lord, president of the mining department of the Federation, reported on the meeting of the British Trades Union congress and the all-Ireland conference.

## GILLDAY PROMOTED

T. F. Gillday, who is in charge of the special agent work in this city for the past two years for the Northern Pacific with headquarters at this city, has been promoted to the special agency at Glendive, Mont., with general charge of the division special agent's office. Mr. Gillday went to Glendive this morning to assume his new duties. Walter Smith, who has been night watchman here for the past three months, succeeds Mr. Gillday. Robert Johnson arrived in the city yesterday from Livingston, and tonight assumes duties as night watchman. Mrs. Gillday and children will go to Glendive tomorrow morning.

**Rep. Schieck Here.**—Carl Schieck, Morton county representative, was in Mandan yesterday looking after business matters.

**Returned Home.**—Jack Weeks, father of Mrs. I. C. Iverson, who had been in Mandan over Friday en route home from St. Paul, left today for his home at Flasher.

**An Enjoyable Dance.**—A dancing party was enjoyed by the many guests of the Royal Neighbors last evening. The music furnished by the Mandan orchestra was very good.

**Four Minute Talk.**—Attorney C. F. Kelsch gave a very interesting talk in behalf of the L. M. C. A. campaign at the Palace theatre last evening. Mr. Kelsch is the last Y. M. C. A. speaker on the Four Minute program.

**Patriotic Service.**—Tomorrow morning's services at 10:45 o'clock at the Methodist church will be of particular interest. Rev. R. R. Hedtke will deliver a patriotic address, and he will also in this service administer baptism to a number of infants and young children. A most cordial invitation is extended to attend this or any of the services of the church.

**Register of Deeds Away.**—Register of Deeds, J. I. Rovig departed last evening on No. 2 for Minneapolis.

**Meatless Days Produce Long.**—A church recorded that the ancient Britons were so temperate that they only began to grow old when one hundred and twenty years of age. Their food consisted almost exclusively of acorns, berries and water.

where he will join his brother from Seattle and accompany him to Rochester Minn. for treatment. It is possible that his brother will be compelled to undergo an operation. Register of Deeds Rovig and brother formerly lived in Bismarck, their father having been in business there a number of years ago.

**Bride and Groom Here.**—Howard Hunke and his bride formerly Miss Edna Russell of Glendive left this morning on No. 4 for the twin cities, where they will visit with relatives and enjoy an extended honeymoon. A delightful party was given in their honor at the Hunke house last evening. Howard is the son of Mr. and Mrs. Max Hunke of this city and for some time was local storekeeper for the Northern Pacific here. He is now employed in the division storekeepers office in Glendive.

**Killdeer Arrested.**—G. P. Ceyewski of Killdeer was arrested in Mandan on Thursday afternoon by Sheriff Oscar Olson on complaint of parties from Killdeer for obtaining money under false pretenses and with leaving unpaid bills. Ceyewski is said to have taken an automobile not belonging to him Wednesday morning with his family he set out overland in a Ford for Jamestown. After his departure authorities were notified and was apprehended by Sheriff Olson and arrested. It is expected that authorities will come here from Killdeer and take him back in a day or two to face the charges preferred against him.

HUBBY PAYS FINE  
WHILE WIFE PROTESTS

Washington, Nov. 17.—When trials of the party women militants came up in police court Friday, Mrs. William Kent, of Kentfield, Calif., was sentenced to a fine of \$25 or 15 days in the workhouse, found that her husband, a member of the tariff commission, had paid her fine. Mrs. Kent protested to the court, refusing to accept that settlement of the judgment against her, and demanded that she be permitted to go to the workhouse. The court specified that the issue should be settled within four days. When Mrs. Harvey W. Wiley, wife

of the pure food expert was called to sentence she insisted on taking a workhouse term but an attorney engaged by her husband insisted on the court granting an appeal. The court announced it could not do both.

Women's Party headquarters announced that Mrs. Wiley refused to permit filing of bond necessary for an appeal and would begin a 15 day sentence in the workhouse at once.

All the other militants recalled for sentence were given the usual short workhouse terms. Twenty-eight others now doing time in the workhouse who were to be brought into court for other sentences for additional offenses could not be produced.

## SUDDEN DEATH

Before an insurance company will take a risk on your life the examining physician will test your water and report whether you are a good risk. When your kidneys get sluggish and clog, you suffer from backache, sick-headache, dizzy spells, or twinges and pains of lumbago, rheumatism and gout, or sleep is disturbed two or three times a night—take heed, before too late!

You can readily overcome such conditions and prolong life by taking the advice of a famous physician, which is: "Keep the kidneys in good order, avoid too much meat, salt, alcohol or tea. Drink plenty of pure water and drive the uric acid out of the system by taking Anuric in tablet form." You can obtain Anuric at almost all drug stores. It was the discovery of Dr. Pierce of the Invalids' Hotel, Buffalo, N. Y. If you cannot obtain it at your pharmacy send him 10 cents for trial package Anuric, or \$1.00 for full treatment.

Can the Bolsheviki  
Strangle Free Russia?

No hopeless view of the Bolsheviki uprising in Petrograd is taken by American editorial observers altho it is frankly recognized that the plan for a separate Russo-German peace might help solve Germany's food problem and release many German soldiers from the Eastern front. In view of an Associated Press correspondent, just returned from Petrograd, however, the uprising gives the Bolsheviki the rope with which to hang themselves, and this view is shared by the well-informed *Russkoye Slovo*, a Russian daily published in New York.

"The Bolsheviki may occupy all the palaces and strongholds of Petrograd," remarks this Russian journal, "as they did during their insurrection last July; they may impose their will briefly upon the members of the Government and clamor control of the capital, but they can not dominate for more than a brief period, the indignant, loyal forces of the Russian nation."

For a clear explanation and understanding of the causes leading up to, and the possible outcome of, the overturning of the Kerensky Government you should read *THE LITERARY DIGEST* for November 17th. By direct quotation from leading journals, American and foreign, the reader is able to obtain a clear knowledge of all the facts in this very critical juncture in the world's war.

## SPECIAL, COMMENCING THIS WEEK "WAR-TIME FOOD PROBLEMS"

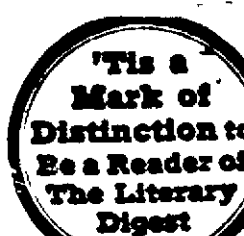

PREPARED BY THE U. S. FOOD ADMINISTRATION AT WASHINGTON

Under the heading "War-Time Food Problems," *THE LITERARY DIGEST* will hereafter contain an important department, the material for which is prepared especially for "The Digest" by the United States Food Administration.

This new department will contain authoritative and practical information for every man, woman, and child in America. Methods for saving money in buying food and cooking it, recipes for health-giving and economic dishes, how excessive profits are being curbed, what to do to prevent overcharging, how you can cooperate in your own home to save the food of the American people, and for our sons who are upholding American manhood in the training camps in this country and on the battlefields of Europe these are just a few of the subjects that will be covered each week.

This Department is ideally adapted for use in high schools and includes lesson plans to make the information available for classroom use.

TITLE FITZ ONCE  
HELD DESCENDS TO  
ST. PAUL FIGHTER

Stanley Ketchell, Bill Papke and  
Other Great Ring Artists have  
Had Honor

St. Paul, Nov. 17.—The title of mid-  
dleweight champion, won by Mike O'  
Dowd of St. Paul, Nov. 14 and once  
held by the late Robert Fitzsimmons,  
descended to A. McCoy through his  
defeat of George Chi, the Pittsburgh  
boxer, April 7, 1914. Though Mike  
Gibbons of St. Paul is frequently rated  
as the best man in the world at 175  
pounds, many critics recognized Mc-  
Coy's claim.  
Stanley Ketchell, the great Michi-  
gan boxer, won the title from Billy  
Pake of Illinois and the latter re-  
claimed it when Ketchell died in 1914.  
Frank Klause of Pittsburgh claimed  
the championship next when he won  
from Papke on a foul in Paris in 1913  
and Chi derived him of his rights to  
it by twice knocking him out in the  
same year.  
Chi held it until defeated by Mc-  
Coy. Gibbons, experts said, defeated  
McCoy in 1914, but McCoy managed  
to stay through the ten rounds of  
their battle and to O'Dowd belongs the  
credit of knocking Al out.

final workout in preparation for what  
is expected to be the most strenuous  
contest of the season tomorrow. The  
North Dakota team has an advantage  
in weight over the local boys.

CHICAGO SQUAD CONFIDENT.  
Minneapolis, Minn., Nov. 16.—After  
light workouts today, preparatory to  
their annual battle on Northrop field  
tomorrow, the Minnesota and Chicago  
football squads attended a "purty  
banquet" at a local club tonight, at  
which short addresses touching on war  
time athletics, were made by coaches  
and trainers.

The Chicago squad, 23 strong, and  
confident of remaining in the con-  
ference championship race by a victory  
over the Gophers, arrived this morn-

AMERICANS DINE  
AT BUCKINGHAM

Colonel House and Party Enter-  
tained by King and Queen  
of England.

GEORGE INTERESTED  
IN AMERICAN PLANS

London, Nov. 17.—The king and  
queen this afternoon entertained the  
members of the American mission to  
the inter-allied conference at Lin-  
coln in Buckingham palace. Walter  
Hines Page, the American ambas-  
sador, introduced the commissioners to  
their royal hosts. The king chatted  
with each of the members concerning  
the United States and displayed deep  
interest in their work in England.  
Later Col. House had a two hours'  
conference with Lord Northcliffe, who  
yesterday declined an appointment as  
chairman of the British air board.  
This evening Col. House dined with  
Premier Lloyd George.

Other members of the American  
mission continued their conferences  
with British officials on phases of the  
war situation.  
The work of the American mission  
to the inter-allied conference is pro-  
ving most satisfactory from both the  
American and the British standpoint.  
The conferences of the experts have  
resulted in an exchange of much fuller  
information concerning the resources  
and needs of the allies, both in the  
military and the economic fields, and  
the American ability to aid, than has  
been obtainable heretofore.

SKULLS CRUSHED  
BY ALIEN AXMEN  
TO HELP KAISER

Kinsmen of the Victims Under  
Arrest for Murder of Three  
Loyal Austrians.

NOTE EXPLAINS THE  
MOTIVE OF TRAGEDY

Virginia, Minn., Nov. 17.—Five sus-  
pects, kinsmen of the axe murder vic-  
tims, are under arrest here in con-  
nection with the war feud murder of  
Mr. and Mrs. Paul Alar and Peter  
Trepich, Austrians.

The victims were pro-ally and had  
purchased liberty bonds and sub-  
scribed to Red Cross funds.  
Five men, said by the police to have  
become enemies of the murdered peo-  
ple because of their attitude toward  
America, are held by the police as  
suspects. They are:  
KOMAT CERNKOVICH, MIKE  
CERNKOVICH, brothers.

MIKE IVANKOVICH and JOSEPH  
IVANKOVICH, also brothers, and  
MIKE BROZENOVICH.

A note, supposedly written by the  
murderer, in Austrian, translated,  
reads:

"This is what you got for being  
against the kaiser. You have donated  
to the Red Cross and you have said  
the kaiser could go to hell. Don't  
look for us, for any one who does will  
get the same dose."

Red Cross and liberty loan pur-  
chase signs have disappeared from  
Austrian home windows since the mur-  
ders.

A bloody axe with which the kill-  
ings were done was found in the  
room where Alar and his wife lay.  
Mrs. Alar received the most brutal  
treatment. Her body lay across the  
bed with the head crushed. Her hus-  
band lay with his head on the floor.

Trepich was in bed in another room,  
his body bearing evidence of having  
been brained as he slept. The crime  
was committed about midnight, ac-  
cording to the belief of the police.

All Traces of Scrofula  
Eradicated from the System

By the greatest of all purifiers.

A common mistake in the treat-  
ment of scrofula has been the use  
of mercury and other mineral mix-  
tures, the effect of which is to bot-  
tle up the impurities in the blood,  
and hide them from the surface.

The impurities and dangers are  
only added to in this way.  
For more than fifty years S. S. S.  
has been the one recognized reliable  
blood remedy that has been used

with highly satisfactory results for  
Scrofula. Being made of the roots  
and herbs of the forest, it is guaran-

MINNESOTANS HEARTENED BY TWO  
WEEKS' STRENUOUS PRACTICE ARE  
BATTLING WITH CHICAGO TODAY.

Minneapolis, Minn., Nov. 17.—Heart-  
ened by two weeks of strenuous prac-  
tice, Minnesota met Chicago in annu-  
al battle on Northrop field today de-  
termined to emulate the "come back"  
staged by the 1916 Gopher eleven  
which won after having tasted defeat.  
Victory over the Maroons would mean  
their elimination from the conference  
championship race.  
Both teams have been working hard  
to perfect a puzzling aerial attack and  
this branch of the game was expected  
to be an important factor in today's

contest. The Gophers have been  
trained too, in the various methods of  
meeting these "hand grenade" at-  
tacks which proved their downfall in  
the game with Wisconsin.  
Despite reports of minor injuries  
from both camps, it was believed that  
the strongest line-ups of the season  
would come together when the ref-  
eree's whistle sounded, and that the  
game would be close and hard fought.  
Victory would give Chicago a clean  
plate and a half share in first honors,  
with the winner of the Illinois-Chio  
State game.

# ITALIANS HOLD HUN LEGION IN CHECK AT RIVER

City of Venice Threatened If the  
Enemy Succeeds in Piercing  
the Present Line.

## VATICAN TROUBLED BY ENEMY APPROACH

Allies Hurrying Reinforcements  
and Hopes Are Strong They  
Will Arrive in Time.

Rome, Nov. 17.—Pope Benedict's  
mother and sister, who were at Tre-  
viso, have gone to Bologna because  
of fear of the Austro-German invasion.

**AID REACHES DIAZ.**  
London, Nov. 17.—The British cor-  
respondent accredited to Italian head-  
quarters, in a dispatch of Thursday  
says:

"Allied reinforcements are reaching  
Italy daily in increasing numbers. To  
save waiting for trains on the con-  
gested railway some French troops  
have been brought across the Alps  
through the snow covered passes. The  
allied troops are marching steadily  
forward to their appointed places in  
the Italian scheme of defense.

"The British and French troops are  
in high spirits. They are delighted at  
the change in scene and over the pros-  
pect of a new adventure."

## DAY'S WAR EVENTS

The situation in Russia is still  
clouded by uncertainty owing to in-  
terrupted communication with Petro-  
grad, where at last reports the Hol-  
sheviki were in control and fighting  
was in progress in the streets.

A related dispatch to the Associated  
Press sent from Petrograd last Wed-  
nesday morning reiterates that the  
forces of Alexander Kerensky, premier  
of the provisional Russian govern-  
ment, met with defeat at the hands of  
the Bolsheviks south of Petrograd  
while endeavoring to march upon  
Tsarskoe-Selo and were compelled to  
retreat back to Gatchina, whence they  
started for the attack.

**More Belated News from Kiev.**  
A more belated communication—  
dispatched from Petrograd last Tues-  
day—contained more hopeful news  
concerning Kiev, where it was said the  
cossacks and military cadets had gained  
control of the city after considerable  
street fighting, during which the  
leaders of the recalcitrants were ar-  
rested. Moscow, however, was partly  
in the hands of the government troops  
and partly under the control of the  
Bolsheviks—the government contin-  
gents holding the central portion of  
the city and the Bolsheviks its en-  
vironments. The casualties in Moscow  
as the result of street fighting were es-  
timated at from 700 to 2,000.

**On the Italian Front.**  
On the Italian front, which is the  
only theater in the war where intensive  
fighting is in progress, the Ital-  
ians continue to stiffen their front  
from the region of Lake Garda to the  
Adriatic sea. Nowhere have the Ten-  
tonic allies been able to penetrate  
their front for new gains of great im-  
portance. On the other hand their at-  
tacks have met with fierce resistance  
and ultimate repulse, except in the  
north, where the town of Cison, on  
the east bank of the Brenta river, and  
several hill positions, have been taken  
by the invaders.

**Artillery in Full Swing.**  
All along the Piave a furious artil-  
lery action is in progress, and Italian  
airplanes again have come into the  
fray and are doing notable work in  
dropping bombs on the enemy lines.

To the south, near the mouth of  
the Piave, in the region known as  
the "Holland of Italy," Italian engi-  
neers have opened the dikes against  
the enemy forces which crossed the  
stream at Grisolia, who possibly  
have been trapped by the rush of  
the water. The foundation, at all  
events, will make harder the task of  
the enemy in bringing up guns with  
which to shell Venice from the north-  
east.

**British in Palestine.**  
The British in Palestine continue to  
press forward against the Turks. They  
now have reached a point three miles  
south of Jaffa and are meeting with  
only slight resistance. Since the op-  
erations began on Oct. 31 more than

5,000 Turks have been made prisoner.  
A new French cabinet has been  
formed under the leadership of  
Georges Clemenceau, one of France's  
most virile statesmen. Mr. Clemenceau  
in addition to his post as premier,  
has assumed the portfolio of  
minister of war.

**DRIVE BACK FRENCH.**  
Berlin, Nov. 17.—German troops in  
the Alsace region in northern France  
counter attacked and drove back yes-  
terday French parties which had work-  
ed their way beyond the Ailette river  
into the German advanced lines, army  
headquarters announced today.

**NOT SO OPTIMISTIC.**  
London, Nov. 17.—In reply to a  
question in the house of commons to-  
day, Sir Eric Geddes, first lord of  
the admiralty, said:

"The food return of tonnage sunk  
by enemy submarines last week  
and the comparatively favorable re-  
sult of the last two months ought  
not to be taken as indicated that the  
submarine menace is a thing of the  
past or defeated."

# War Taxes Excuse For Extortions

Picture Houses, Cigarette and  
Candy People Are Especially  
Heavy in Price Raising.

Washington, Nov. 17.—War taxes  
have been made the excuse by many  
retailers for price advances far in ex-  
cess of the taxes, and in many cases  
for making additional charge for ar-  
ticles not subject to tax, according to  
reports from many localities reaching  
the international revenue bureau. The  
legal division today was asked to in-  
vestigate and determine whether the  
practices can be stopped by legal  
means. C. B. Hurrey, supervisor of  
business co-operation in the bureau,  
announced he would welcome reports  
of similar overcharges.

Talking machine, cigarette and con-  
fectionery dealers and moving picture  
houses were reported especially as  
having raised prices unduly and at-  
tributing the increase to war taxes.

## HENRY FORD JOINS SHIP BOARD STAFF WITH NEW METHODS

Particular Duty Is to Speed Up  
the Building of the Mer-  
chant Marine.

## FULL REORGANIZATION OF FLEET CORPORATION

Washington, Nov. 16.—Henry Ford  
joined the staff of the shipping board  
today to lend his talent for standard-  
ization of production in speeding up  
the building of a merchant fleet. He  
was made a special assistant to Chas.  
Piez, vice president of the board's  
emergency fleet corporation.

Mr. Ford will spend most of his  
time in Washington. His task will  
be to introduce into shipbuilding the  
multiple production methods he has  
used with success in producing auto-  
mobiles. He will give special atten-  
tion to organizing the manufacture of  
ships parts.

Already Mr. Ford has begun to turn  
over to the government his plant at  
Detroit. His factory is now making  
2,500 airplane cylinders, is turning out  
a large number of parts for liberty  
motor trucks and soon will be put  
to making equipment for merchant  
ships.

The fleet corporation is undergoing  
a complete reorganization with widely  
known business men in charge of its  
chief departments. Other assistants  
to Mr. Piez are gradually taking over  
the work heretofore done by naval  
officers under Rear Admiral Capps,  
who, though still serving as general  
manager of the corporation, is limit-  
ing his activities to technical mat-  
ters.

**"LIBERTY" MOTOR TRY-OUT.**  
New York, Nov. 16.—Driving an au-  
tomobile equipped with a liberty mo-  
tor, Ralph De Palma established a  
world's record for six hours at the  
Sheepshead Bay speedway today when  
he covered 633.12 miles. The best  
previous mark was 568 miles, made  
at Brooklands, England on Oct. 1,  
1913. De Palma's effort was sanctioned  
by the A. A. A.

He covered 112.98 miles in the first  
hour, as compared with 107.9 when  
the former record was established.  
At the end of the second hour he  
compared with 195.1; 329.56 at the end  
of the third, as compared with 2:9;  
440.56 at the end of the fourth, com-  
pared with 380; 535.72 at the end of  
the fifth, as compared with 472.

In the third hour De Palma had  
some tire trouble which brought down  
his speed and at the end of the fifth  
hour, when he was 63 miles ahead  
of the previous record, he made a  
brief stop for gasoline and oil.

## NO PRICE REVISION.

All Coal from This Day on Sold  
at Fixed Prices.

Washington, Nov. 17.—Coal dealers  
from the operator to the retailer are  
prohibited from selling coal at prices  
subject to revision by an order is-  
sued today by Fuel Administrator Gar-  
field. Heretofore producers have been  
permitted to sell their coal at prices  
fixed by the government with a stipu-  
lation that the price might be revised  
if the government fixed prices were  
changed.

## VIOLATORS BEWARE.

Washington, Nov. 17.—Attorney  
General Gregory has instructed fed-  
eral district attorneys throughout the  
country to take all possible steps for  
prosecutions of persons violating any  
of the price rulings made by the pres-  
ident and the fuel administration.

# CHIHUAHUA NEW OBJECTIVE FOR VILLA RAIDERS

Leader of New Revolution Leaves  
Border Post for Capital  
of Province.

## HUNTERS ON ISLAND.

Wounded in Recent Battle Placed  
in American Hospitals Along  
the Rio Grande.

El Paso, Tex., Nov. 17.—The Mexi-  
can consul general here was advised  
late today of the departure from Ofi-  
saga of Francisco Villa with upwards  
of 1,000 men, leaving Porfirio Rinalas,  
with 500 to 1,500 at the captured border  
post. The Villa followers, it is  
said, rode in the direction of Chihua-  
hua City.

## AMERICAN HUNTER SHOT.

El Paso, Tex., Nov. 17.—A party of  
Americans, including a number of El  
Paso city firemen, was fired upon to-  
day by armed Mexicans while hunting  
on an island in the Rio Grande river  
near Fabens, Tex., 35 miles southeast  
of here. Jeff Graves, captain of the  
fire station No. 5 in El Paso, was shot  
through both legs.

There were 10 Americans in the  
party, according to the story they told  
afterward. They were hunting on the  
island when the Mexicans appeared.  
The Mexicans immediately opened  
fire. J. M. Harris, on El Paso lawyer,  
said he judged 10 shots were fired at  
him. He was not wounded. He said  
the Mexicans appeared to be soldiers,  
all of whom wore red bands upon  
their arms.

Harris said the Americans did not  
return the fire. They rescued Graves  
from where he was lying wounded in  
the water. In the fighting Jesse Man-  
gold, one of the party, was overpow-  
ered and robbed of money and part  
of his clothing, it was said.

The party managed to make its way  
to a cavalry patrol camp, and the sol-  
diers made a rush for the island and  
the Mexicans dispersed into Mexico,  
firing as they ran. The island is Amer-  
ican territory.

## RELIEF FOR BIG BEND.

El Paso, Tex., Nov. 17.—A third  
company of infantry and a motorcycle

company are to be sent to the Big  
Bend district at once. It was an-  
nounced at military headquarters late  
today. Two companies of infantry  
were dispatched to Marfa last night  
to reinforce the troops guarding the  
district from Marfa to Presidio.

## YAGUIS JOIN VILLA.

Presidio, Tex., Nov. 17.—The Yagu-  
i movement in the state of Sonora is  
a part of the general Villa or conven-  
tionist movement in Mexico, accord-  
ing to Col. Trillo, chief of staff to  
Villa. Francisco Reyna, and other  
leaders of the Yaguys are operating  
under direction of Villa, he said. He  
also said the Yaguys Indians in the fed-  
eral arm yag Escalon and Sierra Mo-  
jeda have defected.

Col. Trillo denied reports of sup-  
posed connection of the clerical party  
or the Felix Diaz party with the Villa  
movement. He said there was no con-  
nection with either of them or Ger-  
man influences in Mexico. Emiliano  
Zapata being the only other revolu-  
tionist connection with the Villa party.

Miguel Diaz Lombardo, now in  
Washington, is the representative of  
the new party, while Octavio Paz re-  
presents Zapata. He recently was in  
El Paso.

# \$30,000 PURSE TO BE OFFERED FOR BIG MATCH

Milwaukee, Nov. 17.—Tom Andrews,  
local boxing promoter, was today au-  
thorized by a Minneapolis boxing club  
to offer \$30,000 to Jess Willard for  
a ten round bout with Fred Fulton,  
to be held at Minneapolis within four  
months. A Milwaukee club at the  
same time made an offer of \$30,000  
for the Willard-Fulton match to be  
held here during the winter.

## SLOW PAY.

Drouth Insurance Company Under  
Investigation.

Helena, Mont., Nov. 16.—An inquiry  
into the affairs of the Bankers' In-  
surance company of Helena will open

in this city next Tuesday and will be  
conducted jointly by the state insur-  
ance commissioners of Montana, North  
and South Dakota and State Auditor  
R. G. Poland, who is one of the in-  
surance commissioners. The com-  
pany insured farmers in Montana and  
the Dakotas against drouth and com-  
plaints have been made that it is slow in  
paying. President G. W. Walker to-  
day declared that all the Hardies  
will be paid within two days.

# FAIR WARNING

Do you know that for the past thirty days the factory production of automobiles has been practically at a standstill, and that not even the manufacturers themselves know what the future will bring? This is due to the government shutting down on all shipments of chrome alloy steel used in parts for pleasure cars. The association of automobile manufacturers has already decided to reduce production 40%. All this means that there is certain to be a severe shortage of new cars for spring delivery, and another increase in price. The wise man will buy his car now, or place an order for future delivery at current prices.

## The Bank with the Clock WITHIN REACH OF EVERYONE

In order that everyone in Bismarck who has valuables to safeguard may enjoy the protection afforded by our massive modern steel vaults, we rent Safe Deposit Boxes in a variety of sizes, at rentals ranging from \$2.50 a year and upward.

It is poor economy to save a dollar or two by risking the loss of valuables worth probably a hundred times the rental of a Safe Deposit Box.

## This Christmas Present Gives Your Country a More Useful Family!

Our households are the nation's strongholds!

Right now is not too early for you to decide to make this Christmas a day that will benefit your Country.

You can perpetuate the true spirit of the day by giving your family this Model 90 Sedan. It will enlarge the radius of your usefulness and add to your efficiency as a household and as individuals.

With it you protect your family's health and multiply your family value to your community.

The good from this Christmas expenditure is lasting.

Bad weather is no barrier to achievement for those who are equipped with this utility car.

You need this car with its all-weather protections and accommodations to help you in your business; to help you save time and energy.

It is a practical service car, built for reliability, steady use at economical cost.

That it is fashionably correct for social purposes is not as important as its value as a first aid for better living.

There is spacious room for five adult passengers.

The two doors are staggered. The two front seats are individual, with slide-way between. The top and the window pillars remain up permanently.

The windows drop into the sides of the body and doors, and are adjustable at the desired degree.

There is a dome light in ceiling, three silk roller curtains, parcel pockets at both sides of rear seat, foot rail, windshield wiper, and nickel handles to close doors from the inside.

The entire top and sides are decorated with gray and black striped cloth. Every inch of the floor is covered with thick carpet to match the walls and ceiling.

The body is Brewster Green with black top.

It has 4-lamp tires, non-skid rear, 106-lamp wheelbase, Auto-Lite for starting and lighting and vacuum fuel system.

Why not buy your Model 90 now and get the good from its service—at least order yours now for Christmas.
